1. Introduction

In accordance with Regulation (EU) No. 575/2013 of the of the European Parliament and of the Council on the prudential requirements for credit institutions and investment firms (Regulation (EU) No. 575/2013 (CRR)) the Bank is obliged to disclose to the public all relevant information regarded as material, since any omission could influence the assessment of a user relying on that information for the purpose of making economic decisions. Number and completeness of disclosed information related to capital adequacy, exposure towards risks and adequacy of governance and control mechanisms, have the impact to a higher transparency of the bank's operations.

SKB banka d.d. publishes disclosures in Annual Report in the structure compliant to EBA Guidelines on disclosure requirements under Part 8 of Regulation (EU) No. 575/2013. A reference in the Disclosures Index has been added for the disclosures described in the Annual Report. SKB d.d. as a member of the international banking group OTP designed risk policies on the level of a particular risk as well as comprehensive risk management rules. Risk culture is well evolved, the rules and risk management systems are compliant to the local/national legislation and with the guidelines of the parent bank.

2. Risk management, objectives and policies (CRR, Article 435)

2.1 General information on risk management, objectives and policies

2.2. Information on risk management, objectives and policies by risk category

2.3 Qualitative disclosure requirements related to CCR

2.4 Information on governance arrangements

3. Information on the scope of application of the regulatory framework (CRR, Article 436)
